

Young Vets Club

YOUNG VETS CLUB (AT HOME)

Monday

Challenge type:

Research Challenge - Explore Earth's Seven Continents

What you need:

The internet, books or a clever housemate.

The challenge:

For each continent; Africa, Antarctica, Asia, Australia, Europe, North America and South America, find an animal unique to that continent.

What we are looking for:

Search for animals that are native to each continent and are not found naturally anywhere else. List the name of the continent, the animal you've found and an interesting fact about that animal. You could even include a drawing of your favourites!

What to upload:

If you use a computer: Type the facts into a word document and upload the document using the "upload a document" button. If you do not have a computer write them on paper, take a photo and upload the photo using the "upload an image" button.

Young Vets Club

Tuesday

Challenge type:

Word Challenge - Crossword Clues

What you need:

Access to a computer and the link below!

<https://crosswordlabs.com/view/all-about-young-vets-club-and-wvs-2>

The challenge:

Complete our crossword puzzle! To find all the answers to the puzzle, you'll have to search the Young Vets Club website; www.youngvetsclub.com and the WVS website www.wvs.org.uk/

What we are looking for:

Follow the clues you find on our website to complete the crossword puzzle. You can do this online or print it out to complete it.

What to upload:

If you have completed the crossword online you can copy it into a word document to upload. If you printed it then take a photo to upload. Ask an adult to help.

Wednesday

Challenge type:

Campaign - Earth Day 2020

What you need:

A large piece of paper or card, colouring pencils or paints.

The challenge:

Make a campaign poster or placard for Earth Day which campaigns to stop climate change and protect wildlife.

What we are looking for:

A poster or placard with a catchy slogan telling people to stop climate change and protect our wildlife. When you're finished, display your work in your home, in the window or on the fence to encourage others to celebrate Earth Day.

What to upload:

Take a photo and upload the picture using the "upload an image" button.

Young Vets Club

Thursday

Challenge type:

Craft Challenge - Pebble Painting

What you need:

A smooth pebble or stone, paints or coloured pens.

The challenge:

Paint or draw an animal on a pebble or stone. If you can't find a pebble or stone, simply draw one and add your design to it.

What we are looking for:

You can draw any animal that you would like onto the stone or pebble. Make it as colourful as you can. Use the shape of the stone to help decide which animal to paint or draw.

What to upload:

Take a photo and upload the picture using the "upload an image" button.

Friday

Challenge type:	Outdoor challenge – Your Own Museum
What you need:	Collect beautiful items from the garden or from inside the house to include in your exhibition.
The challenge:	Make your own nature exhibition! Find a stone, leaf and at least one other thing that you can display. You can also include a collection of objects from inside your house which you think are interesting to share.
What we are looking for:	Include as many items as you like and present them beautifully. Add labels to each item detailing what it is and what's special about it.
What to upload:	Take a photo and upload the picture using the “upload an image” button.
